

Transform shirts quickly and easily with VELCRO[®] Sticky Back for Fabrics Rectangles. Trim the rectangle to match your custom shape. Pick a patterned fabric and add it to your shirt to give it a different style. Use different fabrics to create different looks. The rectangles help to alter larger areas of the shirt.

Materials:

VELCRO[®] Sticky Back for Fabrics, rectangle, white Waxed paper Patterned-cotton fabric, 1/4 yard

Tools:

Westcott Brand Non-Stick scissors, pencil, straight pins

Instructions:

1. Place the waxed paper on the area of the shirt you would like to embellish. Use the pencil to lightly trace a pattern onto the waxed paper to create a pattern.
2. Use the pattern to cut the loop side of the VELCRO[®] rectangle and then place the sticky side onto the shirt.
3. Pin the pattern onto the cotton fabric, cut the fabric and then secure it to the hook side of the VELCRO[®] rectangle.
4. Repeat steps 2 and 3 for the other side of the shirt.
