

Project and Photography by Ann Butler

Personalize a purchased belt with fun buttons for a one-of-a-kind look. You will be able to change the belt quickly to match any outfit. The vast assortment of buttons available in stores and the new VELCRO[®] Sticky Back for Fabrics tape will let you alter your belts to fit your every mood.

Materials:

VELCRO[®] Sticky Back for Fabrics, tape, white Belt Assorted buttons

Tools:

Westcott Brand Non-Stick scissors, jewelry flush cutter, ruler

Instructions:

1. Use the jewelry flush cutter to remove the shanks from the buttons.
2. Cut the hook side of the VELCRO[®] tape and then secure it to the back of the buttons.
3. Cut the loop side of the VELCRO[®] tape to the same size that you used for the hook side on the buttons.
4. While wearing the belt, place the loop sections onto the belt where you like. Press the buttons in place on the belt.
